

****Legally free for adoption****

Cole and Axle
DOB: December '03,
DOB: March '05

Cole likes sports and does well in school. He enjoys having older male mentors to spend time with him playing sports and modeling positive behaviors. He is pretty laid back and easy going. Axle is fun loving and he likes to ask silly questions and make jokes. He loves to read and does well in all subjects at school. He loves Disneyland and Legoland!

This sibling group needs a family that is committed to all four children. They will do best with a family who has experience parenting children who have dealt with extensive trauma, grief, and loss. We are looking for a family that will provide a permanent adoptive home to Cole and Axle with the ability, openness, and willingness to have their older sisters, Stevie and Aria, be a part of their lives and possibly live with them as well. If their older sisters don't live with them it is important that they maintain regular visits with their sisters. These children have been through a lot in their lives and their sibling bond is very important.

For more information about these children or the adoption process please contact Julia at josterhout@dcfs.nv.gov
